

# CL Challenger Lifts

## Why Choose a Challenger 4-Post?

- » Available in capacities from 12,000 lbs. to 60,000 lbs.
- » Open or closed front general service and alignment packages available.
- » Solid piece column construction design.
- » Superior lifting systems.
- » Multiple locking positions allow technician to work at an ergonomic height.
- » The most workspace underneath vehicles - 12,000 and 15,000 lb. models feature the highest rise (78") in the industry.
- » Single point lock release system allows technician to disengage all column locks simultaneously.
- » Optional accessories like rolling jacks, air/electric workstations and oil drain pan kits make Challenger Lifts 4-post the complete servicing package.

4P12series available in closed front and extended lengths, 12,000 lb. capacity.

4015series available in 15,000 lb. capacity open/closed front, general service/alignment models.

Heavy-Duty 4-Posts available in 18,000 / 30,000 / 40,000 / 50,000 / 60,000 lb. capacities.

Many accessories to choose from.

## 4-Post Accessories

### Rolling Jacks

Broaden your service revenue. Rolling jacks available from 6,000 lb. to 35,000 lb. capacity for easy access to brakes and wheels.

» Available in Air/Hydraulic or Air-Only operated green design models

» Air-Only models feature air valve with three-way spring loaded, no-spark design for safety and durability

**Part #: RJ7.5**  
7,500k lb.  
capacity Air/  
Hydraulic for 4015series 4-post lifts

### Bolt-On Alignment Kit

Turn your general service four post lift into an alignment ready four post lift. Bolt-on alignment kits work with 4P12series and 4015series four post automotive lifts. Alignment kits are 3D alignment capable and include turning radius gauges to complement your servicing needs. Several bolt-on alignment options available.

**Part #:**  
**40200-3DSS**  
bolt-on alignment  
kit with stainless  
steel radius gauges

### Air/Electric Workstation

Increase productivity with air supply and electric outlets on the lift column.

» Convenient power source for extension lights and other tools

» Air supply will always be at arms reach for facilities using impact wrenches

**Part #: 10310**

Part Number	Description
10310	Air/electric workstation with filter/lubricator/regulator
3PH4P	3 phase power unit upgrades
10267	Oil drain pan kit - 32 gallon
10342	Hanging tool holder for 10267
10355-6	6" (pair) stack extensions for RJ6 6,000 lb. capacity rolling jacks
10355-9	9" (pair) stack extensions for RJ6 6,000 lb. capacity rolling jacks
10333-RJ	Sprinter adapter kit for RJ7.5 includes (2) pin adapters and (2) cradle adapters
10500	Turning radius gauges for 4P12series, 4015series, & 44018AR, black powder coat
10500SS	Turning radius gauges for 4P12series, 4015series, & 44018AR, stainless steel
10500HD	Turning radius gauges for 44030AR black powder coat
40200-3D	Bolt-on Alignment Kit - no radius gauges for 4P12series & 4015series
40200-3DBK	Bolt-on Alignment Kit including black powder coat radius gauges for 4P12series & 4015series
40200-3DSS	Bolt-on Alignment Kit including stainless steel radius gauges for 4P12series & 4015series
40230X	Internal air line kit for dual rolling jacks (4P12XFX & 4015series)
40230E	Internal air line kit for dual rolling jacks (4P12EFX & 4015series)
44AK18	Internal air line kit for dual rolling jacks (44018 & 44018E)
44AK30	Internal air line kit for dual rolling jacks (44030series)
44AK40	Internal air line kit for dual rolling jacks (44040 - 44060series)
44RK12	Ramp kit, pivoting - 28" long (44012LR and 44012DLR)
44RK18	Ramp kit, pivoting - 52" long (44018AR)
44RK30	Ramp kit, pivoting - 36" long (44030series)
44RKE30	Extended ramp kit, pivoting - 72" long (44030series)
44RK40	Ramp kit, fixed - 96" (44040 - 44060 series)
44EK3	36" bolt on runway extension kit (44030series)
10266	Louvered Ramp Kit for drive-thru application - 36" long (4P12series and 4015series only)
10266L	Ramp Kit for drive-thru application - 52" long (4P12series and 4015series only)
RJ6	Air/Hydraulic Rolling jack with (4) 3" Stack Adapters - 6,000 lb. capacity for 4P12series
RJAB6	Air only operated rolling jack - adj. width, 6000 lb. cap. for 4P12series lifts
RJ7.5	Air/Hydraulic Rolling Jack with (4) 3" Stack Adapters - 7,500 lb. capacity for 4015series
RJAB7.5	Air only operated rolling jack - adj. width, 7,500 lb. cap. for 4015series lifts
RJ9S	Air/Hydraulic Rolling Jack - 9,000 lb. capacity for 44018series only
RJ9A	Air/Hydraulic Rolling Jack - 9,000 lb. capacity for AR44018series only
RJAB9	Air only operated rolling jack - adj. width, 9,000 lb. cap. for 44018series
RJAB15	Air only operated rolling jack - adj. width, 15,000 lb. cap. for 44030
RJAB18	Air only operated rolling jack - adj. width, 18,000 lb. cap. for 44030
SAJ25	Air-Only Rolling Jack - 25,000 lb. capacity for 44040 thru 44060
SAJ35	Air-Only Rolling Jack - 35,000 lb. capacity for 44050 thru 44060
